# MIDWEST LIVESTOCK REVIEW

## and

### RANGE AND FEEDLOT SALES

Steady to 50¢ lower price trends were rather general on all classes of cattle at midwest terminals. Fairly liberal marketings along with lower dressed beef prices continued paramount in the factors contributing to the downturn. Hog receipts were moderately decreased and this prompted a steady to 50¢ higher trend at most points on barrows and gilts, while a seasonally increased proportion of sows sold steady to 50¢ lower. Spring slaughter lambs sold steady to \$1.00 higher for the week. Trends were very uneven on old crop lambs with sales steady to 50¢ higher at several points and instances \$1.00 up. However, sales were 50¢-\$1.50 lower at Fort Worth and weak to 75¢ lower at Omaha, St. Paul and St. Louis.

**SLAUGHTER CATTLE AND CALVES** - Slaughter steers sold on a steady to lower basis for the fifth consecutive week and moved to a new low since June, 1957 at most midwest terminals. Slaughter steers were steady to 50¢ lower and heifers sold steady to 25¢ lower, instances 50¢ off. Cows were steady to 50¢ lower with the Utility and Commercial grades at the greatest downturn. Bulls sold steady to 50¢ lower at most markets. Vealers were steady to strong at St. Louis and St. Paul. Fairly liberal receipts and further declines on carcass steer and heifer beef at major wholesale centers proved to be the major bearish factors in trading. Five consecutive weeks of lower price trends pushed Choice steer beef to the lowest point since June, 1957 at some centers. Receipts at the 12 terminals at 212,000 were little changed from the previous week when the total was the largest since January. Slaughter steers and heifers made up bulk of the supply at most points with Good and Choice predominating. Good steers and heifers continued to make up a larger percentage of the total while Choice declined. Prime steers and heifers were virtually absent at most terminals with the percentage Prime in the steer supply at Chicago down to the lowest point since October, 1960.

Prime and mixed Choice and Prime 1050-1450# slaughter steers brought \$25.25-27.50 in Chicago with 10 loads Prime 1200-1380# at \$27.50. At most midwest terminals high-Good and Choice 950-1350# steers sold at \$22.00-25.00 with several loads high-Choice and Prime 1265-1370# at \$25.00 in Sioux City. Good steers brought \$21.00-23.00. Choice heifers sold at \$22.75-24.00 with a few mixed Choice and Prime to \$24.50; Good heifers at \$21.00-23.00. Utility and Commercial cows cashed at \$15.75-17.50; Canner and Cutter \$13.75-16.00.

**STOCKER AND FEEDER CATTLE AND CALVES** - Receipts of stocker and feeder cattle were

moderate. Steer shipments from the 10 markets totaled 21,700 compared to 26,425 the previous week and 25,244 a year earlier. Medium to average-Choice yearling steers made up a large percent of supplies. Supplies of stock calves were seasonally small at most all markets. Trading generally was rather slow with prices unevenly steady to 50¢ lower. At Kansas City, 800-1050# feeder steers in some instances were as much as \$1.00 lower. This marked the fourth consecutive week in which prices have declined. The downward trend which slaughter cattle prices have consistently followed in recent months continued unchecked during the week under review and was a major factor influencing stocker and feeder buyers to proceed very cautiously. In addition, with the grass season now fairly well under way, many pastures apparently have already been stocked and much of the urgency for stockers is gone. Although demand from feedlot operators has been rather poor, lessened competition from packer buyers was such that increased numbers of partly fattened, two-way steers were offered at prices feeder buyers were willing to pay.

Good and Choice 800-1050# feeder steers sold from \$21.00-24.00, moderate number partly fattened kind included at \$21.50-23.50. A shipment of Choice and Fancy 850# brought \$25.25. Good and Choice yearling stock steers sold from \$23.00-27.00, few Choice 490-550# \$27.50-29.00. Medium and low-Good ranged \$19.00-23.50. Good and Choice yearling heifers sold from \$21.00-25.00, most sales \$24.50 down. One load Choice 498# short yearling heifers reached \$26.00. Good and Choice steer calves sold from \$25.00-31.25, part load Choice 350# \$31.50. Not many calves exceeded \$30.00. Good and Choice heifer calves brought \$23.00-27.50.

**HOGS - TERMINAL MARKETS** - Hog receipts at the twelve terminals numbered 329,000 or a drop of around 7 percent from the previous week and were 5 percent less than the corresponding week a year ago. A large part of the cutback in supplies was attributed to the fact that farmers in much of the area took advantage of the favorable weather and concentrated on field work. Barrows and gilts weighing 250-300# continued to move to market in a generous volume although mixed No. 1-3, 190-270# offerings comprised the bulk of the supply. The percentage of sows again increased seasonally, that class making up 15 percent of the run at St. Paul. About a normal share of the supply went on order buyer account with the best demand from those interests for 190-240# barrows and gilts grading U. S. No. 1-2. With the reduction in receipts, prices on barrows and gilts closed the period

steady to 50¢ higher at most midwest terminals. The main exceptions were at St. Paul where prices declined 25-50¢ and Sioux City where butchers over 250# closed steady to 25¢ lower. Sows closed generally steady to 50¢ lower, except steady to 25¢ higher at Chicago.

On Friday, U. S. No. 1-2, 180-240# barrows and gilts sold largely at \$16.75-17.50, same weights and grades at Chicago \$17.75-18.00 and at Indianapolis \$17.75-18.25. Mixed U. S. 1-3, and No. 2-3, 180-240# bulked at \$16.25-17.25. U. S. 1-3, 270-600# sows brought \$13.75-15.75, most sales \$14.25-15.50.

Feeder pig prices held steady at St. Paul and were steady to weak at Sioux City. Good and Choice 130-160# offerings at St. Paul sold at \$16.00-16.50, Good and Choice 130-170# at Sioux City, \$16.00-16.75.

**HOGS** - Receipts in the Interior Iowa-Southern Minnesota area totaled 359,000 head, a slight increase over both the preceding week, and the like period a year earlier. Sows were estimated about 8 percent of receipts.

Supplies were fairly well distributed during the forepart of the week and receipts were about in line with demand. Fairly liberal selling on Thursday swelled supplies a little in excess of trade needs, however, and prices weakened toward the close. Compared with the previous Friday, sales of butchers were steady to 25¢ lower and sows 10-25¢ lower.

Mixed U. S. No. 1-3 200-230# barrows and gilts closed from \$16.00-16.60 with a limited volume. No. 1 and 2 selected lots \$16.60-16.80. No. 1-3 270-400# sows brought \$14.10-15.65; 400-550#, \$13.15-14.90.

**SHEEP AND LAMBS** - Receipts of sheep and lambs at the 12 markets totaled 99,000 head, around 13 percent less than the previous week, but about the same as a year ago. Dressed lamb continued to sell at lower levels, however, reduced supplies on the live market in some areas proved a mild stimulant to prices. Closing price trends were quite uneven compared with the previous Friday with much of the trade steady to 50¢ higher and a few markets as much as \$1.00 up, the advance general on spring lambs. However, old crop lambs were steady to 75¢ lower at some markets and were 50¢-\$1.50 off at Fort Worth. Slaughter ewes sold mostly steady.

During the week, Choice and a few Prime 85-119# woolled old crop slaughter lambs sold from \$14.50-15.50 and a few consignments \$16.00-16.50; bulk Good and Choice \$14.00-15.00. Choice and Prime 90-115# shorn lambs with No. 1, 2 and fall shorn pelts sold at \$14.00-14.75, few around 100# \$15.00-15.50; Good and Choice 88-119# with No. 1, 2 and fall shorn pelts \$13.00-14.50, few 105-119# \$12.00. At Fort Worth Good and Choice with 1, 2 and 3 pelts sold at \$11.00-12.00, some 115-120# \$9.00-10.50. Choice and Prime 80-103# spring slaughter lambs brought \$17.00-18.00 and a few loads of high-

yielding lambs around 95-100# reached \$18.50, some Good to mostly Choice 85-110# sold at \$16.50-17.00. At Fort Worth Good and Choice 69-89# spring lambs went at \$16.00-17.50. Cull to Choice slaughter ewes ranged from \$2.00-6.00. A rather small volume of shearing and feeder lambs sold steady to firm, although a few sales at Omaha were weak to \$1.00 lower.

Sheep and lamb receipts in the Interior Iowa-Southern Minnesota area totaled 27,400 head, approximately 8 percent less than the previous week, but around 29 percent larger than year ago. Closing prices were about steady with the previous Friday on all classes.

On Friday, Choice and a few Prime 90-100# shorn lambs with No. 1, 2 and fall shorn pelts brought \$13.50-14.00 delivered to packing plants with few high-yielding lots to \$14.50, mostly Choice 100-115# and Good to Choice 90-110# lambs ranged \$12.00-13.50 and mainly \$12.50 up. Choice with a few Prime 90-105# woolled slaughter lambs sold at \$14.50-15.00 with few high-yielding lambs to \$15.50, Choice 105-115# \$12.50-14.50, Good and Choice 90-110# \$13.00-14.00. Cull to Choice shorn slaughter ewes sold from \$2.00-4.00.

## WHOLESALE MEAT TRADE REVIEWS

### LESS THAN CARLOT MEAT TRADE REVIEWS

**EASTERN SEABOARD** - Steer beef prices closed steady at New York, steady to 50¢ higher at Philadelphia, steady to mostly 50¢ lower at Washington and weak to \$2.00 lower at Baltimore. Cow beef was steady to weak; veal steady to mostly \$1.00-2.00 lower; however, Standard veal at New York sold \$1.00 higher; lamb steady to \$4.00 off, bulk \$1.00-3.00 lower; pork loins mainly steady to \$1.00 lower. Boston butts and spareribs largely steady to \$1.00 lower. Fresh skinned hams advanced \$1.00-2.00.

Supplies of railstocks and pork were mostly normal, cow beef excepted, as small to moderate volume was offered. Moderately active trading and good demand prevailed for steer beef at most markets, however, at Baltimore outlet was generally poor. The feature of the week's trade at New York was the improved demand for steer arm chucks at mid-period and thereafter when trading turned fairly active as most chain buyers were aggressive. Movement of cow beef was rather slow. Veal met good demand at Philadelphia and Standard veal cleared promptly at New York, but slow trading was generally the rule at most centers. Retailers showed preference for lamb 35-55# and these sold readily while difficulty was encountered in moving carcasses 55-70# and primal cuts derived therefrom. Demand was mainly fair for pork with loins moving best at Washington and good demand late at New York enabled sellers to clear stocks. Small supplies of lamb at Philadelphia, moderate volume of veal at Washington along with small to moderate supplies of veal and lamb at New York were unsold late.

**CHICAGO** - Steer and heifer beef sold steady to 50¢ lower; Choice and Prime veal steady, Good and Standard \$1.00-2.00 higher; lamb about steady; pork loins 8-16# steady to 50¢ higher; Boston butts and spareribs steady.

Moderate veal supplies showed a decrease compared to the previous period, supplies other divisions normal. Average-Good to Choice grades most plentiful in beef and Choice comprised the bulk of old crop lamb. Old crop carcasses for the most part weighed over 50#. Fewer spring lambs were offered than in the previous week.

Carcass beef trading was slow with prices on steer dropping to a four-year low. Demand generally was poor for primal cuts except fair outlets prevailed for loins. On late sessions demand for chucks was fairly good. Rounds and ribs followed a lower trend. Decreased veal offerings cleared in a moderately active trade with upturns recorded on Good and Standard grades. Lamb trade generally was slow, early demand centering mostly on hindsaddles, after midweek all primal cuts found equal distribution in a moderately active trade. Fresh pork trade was slow throughout.

**PACIFIC COAST** - Steer and heifer beef sold steady to \$1.00 lower; cow beef steady to 50¢ higher, the advance in Los Angeles; calf and veal steady to \$2.00 lower, the decline in San Francisco; spring lamb fully steady in Los Angeles but steady to \$1.00 lower elsewhere; fresh and smoked pork steady to \$2.00 lower in California but steady to \$2.00 higher in the Northwest, advance mainly on fresh pork.

Supply of fresh pork was below normal in the Northwest as slaughter was curtailed in the Portland area due to unsettled labor conditions. Trading active in the Northwest on pork but otherwise supplies of most meats were fairly large and trading was slow despite fairly good demand.

### CARLOT MEAT TRADE REVIEWS

**MIDWEST CARLOT DRESSED MEAT SUMMARY** - Steer, heifer and cow beef closed 50¢-\$1.00 lower, lamb mostly \$1.00 lower, pork loins 50¢-\$1.00 higher, fresh hams 12-14# \$1.50-2.00 higher, 14-16# 50¢-\$1.00 higher, butts 50¢ lower, hog carcasses steady to 35¢ lower.

The supply of beef was slightly above normal while other classes were normal. Demand fairly poor on beef and lamb but moderate on other classes.

Following prices f.o.b. plant basis.

**Beef:** Choice 600-700# steer carcasses \$37.00-38.00, 700-800# \$36.25-37.50, Good 600-700# \$35.50-36.50, high-Good \$36.50-37.00, Good 700-800# \$35.25-36.50. Choice 500-700# heifer carcasses \$36.25-37.00, Good \$34.50-35.50. Canner, Cutter and Utility cow beef \$30.50-31.50.

**Lamb:** Choice, including some Prime 45-55# \$30.25-32.50, few loads 35-45# \$33.00-34.50, 55-65# \$27.75-28.50, few carlots and part cars spring lamb carcasses 35-55# \$39.00-42.50.

**Pork:** Pork loins 8-12# \$39.00-40.00, fresh hams 12-14# \$38.00-38.50, 14-16# \$36.00-36.50, butts 4-8# \$30.50-32.00, pork carcasses U. S. 1-3 135-155# \$23.50-24.65, 155-175# \$23.10-24.10.

Clearance only fair on beef and lamb but generally complete other classes.

Based on reports from major slaughtering centers--Omaha, Kansas City, Sioux City, Sioux Falls, St. Paul, St. Joseph, St. Louis and the Interior Iowa and So. Minnesota area.

**CARLOT SUMMARY** - Chicago, Denver, New York and Philadelphia. Steer beef sold steady to fully 50¢ lower with most sales at New York 50¢-\$1.00 off. Closing trends on heifer beef 25¢-\$1.00 lower; cow beef steady to \$1.00 off; old crop lamb steady to 50¢ lower at Denver and Chicago but \$1.00 lower at New York and \$1.00-2.00 off at Philadelphia. Spring lamb steady, except \$1.00 lower at New York. Pork loins sold 50¢ higher.

## BOSTON WOOL MARKET REVIEW

Trading was rather slow on greasy domestic worsted wools in the Boston market with prices about 2¢ higher. All grades were in good demand with the exception of half-blood wools. Noils were firm with a moderate turnover. Sales were limited in scoured pulled wools due to the small supply. Demand was poor for scoured shorn wools.

Trading was fairly active in the territory States and prices advanced approximately 2¢ grease basis and buyers were taking wools as soon as shorn. Interest centered on the sales held at Roswell and Artesia with buyers active. A fair volume of 12 and 8 months wools sold in Texas at stronger prices while there were advances for medium wools in the fleece States.

Midweek cables from Australia showed a poor selection at Sydney with Japan, Iron Curtain countries and Continental interests active as prices advanced  $2\frac{1}{2}$  percent for fleeces while pieces were unchanged. At Geelong, quotations moved  $2\frac{1}{2}$ -5 percent upward. The Dunedin, New Zealand sale showed Japan, Russia and China operating under keen competition and general demand as prices advanced par to  $2\frac{1}{2}$  percent on 50s and  $2\frac{1}{2}$ -5 percent on half-bred wools. In South Africa, short wools moved at strong prices with Italy, England and France the principal operators with Germany supporting. The South American markets were firm.

Fleece Wools - Graded average style 64s good French combing and staple fleece wool sold at \$1.14 while graded 60/62s good French combing and staple brought \$1.10 and 56/58s staple and good French combing moved at \$1.03. Graded 50/54s staple fleeces sold at \$1.00 while 56/58s baby combing also brought \$1.00 clean basis and 50/54s baby combing moved at 95¢. Original bag medium fleece wools sold at .99-\$1.00 clean basis. Country buyers were paying mostly 42-44¢ grease basis but occasionally up to 46¢ in Minnesota, Iowa and Illinois for medium wools while buyers were paying 42-45¢ for medium fleeces in Ohio and Indiana.

Territory Wools - Graded territory 64s good French combing and staple wool sold at \$1.22 while graded 56/58s staple and good French brought \$1.06 clean basis.

RANGE SALES FOLLOW: In Montana the Chinook pool of approximately 220,000 pounds, bulk half-blood wools sold at 45.68¢ grease basis, the Flathead pool of approximately 50,000 pounds, bulk quarter-blood brought 47.6¢, about 125,000 pounds of the early shorn Jordan pool, bulk fine and half-blood at 43.4¢. Approximately 15,000 pounds of bulk fine and half-blood sold in the White Sulphur Springs area at 44.0¢ and about 10,000 pounds of fine and half around Big Timber moved at 40.0¢ grease basis, f.o.b. At sealed bid sales held in New Mexico bulk 64/70s staple wools sold between 50-60¢ grease basis, f.o.b.

Texas Wools - A modest volume of 12 months wool in original bags, bulk good French combing

and staple sold in Texas at an estimated clean price around \$1.23-\$1.25 delivered Boston while approximately 300,000 pounds of 8 months wool sold in Del Rio at \$1.15-\$1.17 scoured basis, delivered East.

Mohair - The mohair market was rather quiet. Adult mohair alone sold at 95¢ to the warehouse, with some sales for shipment to the United Kingdom. Trade in the local market consisted mostly of bulk adult 24s to 26s and a little 32s to 36s kid mohair tops for woolen and worsted consumption.

Foreign Wools - Trade in spot foreign wools continued dull. Foreign markets showed strength in all grades, with good general demand from all sections. Cabled reports at week's end follow with combing wools converted to clean U. S. oil-combed yields and short wools to scouring yields, in bond.

## MEAT ANIMALS

### Farm Production, Disposition, and Income

1959-60

Farm production of meat animals in 1960 totaled 49.4 billion pounds live weight, 4 percent under the 51.3 billion pounds in 1959, according to the Crop Reporting Board. Production in 1959 was the highest of record. Cattle and calf production accounted for 58 percent of the total farm production of meat animals in 1960, with hogs furnishing 39 percent and the remaining 3 percent coming from sheep and lambs. In 1959 cattle and calves represented 55 percent of the total; hogs, 42 percent; and sheep and lambs 3 percent. The value of 1960 production at \$9.0 billion is 7 percent below the 1959 total of \$9.7 billion. Prices for hogs were higher in 1960 than in 1959, but prices were lower for cattle, calves, sheep, and lambs.

Gross income (cash receipts plus value of home consumption) from meat animals amounted to \$10.9 billion in 1960, 3 percent less than the \$11.3 billion in 1959. Gross income from hogs was 2 percent larger than in 1959, but gross income was 6 percent smaller for cattle and calves and 2 percent smaller for sheep and lambs. The aggregate live weight of meat animals marketed in 1960 was 1 percent larger than in 1959, with cattle and calf marketings up 5 percent, sheep and lambs up 5 percent, and hogs down 6 percent.

**CATTLE AND CALVES:** Production of cattle and calves in 1960 totaled about 28.7 billion pounds, a record high. This was 2 percent higher than the 28.3 billion pounds of production in 1959. Gross income from cattle and calves in 1960 amounted to \$7.5 billion, down 6 percent from the gross income of \$8.0 billion in 1959. Cash receipts from sale of cattle and calves totaled \$7.4 billion in 1960, compared with \$7.8 billion the preceding year. The average price per 100 pounds live weight received by producers in 1960 was \$20.40 for cattle and \$22.90 for calves. In 1959 the average price per 100 pounds was \$22.60 for cattle and \$26.70 for calves.

**HOGS:** Production of hogs in 1960 is estimated at 19.0 billion pounds, 11 percent less than the 21.3 billion pounds in 1959. Record production occurred in 1943, with 25.4 billion pounds. Other recent years with production exceeding 20.0 billion pounds were 1951 and 1955. Gross income of \$3.0 billion from hogs in 1960 was 2 percent larger than in 1959. Cash receipts at \$2.9 billion were 3 percent larger than in the preceding year. The average price per hundredweight was \$15.30 in 1960, compared with \$14.10 in 1959.

**SHEEP AND LAMBS:** The production of sheep and lambs in 1960 amounted to nearly 1.7 billion pounds, 3 percent below the level of 1959. The record production was 2.3 billion pounds in 1942. Gross income was \$333 million in 1960 compared with \$338 million in 1959. Cash receipts of \$329 million were 2 percent less than in the preceding year. In 1960 sheep sold for an average of \$5.62 per hundred pounds and lambs for \$17.90. The average price in 1959 was \$6.00 for sheep and \$18.70 for lambs.
